Beat other real estate buyers to the hottest properties for sale with my **New Listings Notification**. If you own real estate that you're thinking of selling, I would be happy to arrange a **FREE Evaluation**.

I am a top producer and leader in Southern Ontario in commercial real estate sales where I have been serving the needs of clients & customers since 1989. I'm part of the professional sales team at Royal LePage Triland Realty's Commercial Group.

I have been active in all types and sizes of investment/commercial and multi-family properties. With the high level of distress sale activity which occurred in the early 90's, I've developed a niche for work-out investment/commercial and multi-family properties under power of sale, judicial sale, and tender sale, frequently obtaining higher than expected results. I am best described as a marketer and negotiator. My strength in both these areas has been used to complete large and small transactions for my clients and customers.

Background

I hold an MBA degree and brought to my real estate brokerage career a wide range of corporate/management experiences. These include positions in labour/personnel relations in the automotive industry; credit analysis in the banking industry; and lastly several years in management positions with a Southwestern Ontario gas utility company. I'm a former politician having served as a trustee with a London school board. I also a former part-time marketing instructor at Fanshawe College in London. I'm a past member of the Appraisal Institute of Ontario and Canada. My background, business training, and analytical and negotiating skills have helped me to become recognized as
